On June 16, 2022, Boys & Girls Clubs of Boston's (BGCB) Friends Council will host *A Night With Friends* at the Hyatt Regency in downtown Boston. Now in its 13th year, this signature benefit party celebrates the impact of BGCB's young philanthropy group, Friends Council. Event proceeds will fund BGCB's summer programming, which provides accessible camp options for youth and families and empowers teen leaders through summer jobs.

Sponsor the 13th annual *A Night With Friends*, and support summer programming for Boston and Chelsea's young people.

Since its founding, Friends Council has built a vast community of tomorrow's leaders and raised more than \$1 million for BGCB. Nearly 200 active members make philanthropic gifts, volunteer, organize fundraising events, and engage their networks to support Club members and the broader Boston community.

Every June, demand for BGCB's services surges with the end of the school year. The increase in unstructured time means these are critical months for our city's youth. BGCB rises to the challenge by hosting summer camps at Clubs across Boston and Chelsea. The seven action-packed weeks include the perfect mix of adventure, learning, and fun, all in a safe, positive environment. Members enjoy field trips, tend vegetable gardens, and learn to swim at Club pools. To combat learning loss, dedicated staff provide educational enrichment to ensure members return to school prepared for academic success.

A Night With Friends promises to be a memorable evening with music, entertainment, an auction and fundraising games, and more than 250 of Boston's future leaders in attendance. Guests will hear firsthand from Club members about the important role BGCB plays in sustaining our community. Please review the enclosed sponsorship materials and return your form as soon as possible so we know to count on your support and reserve your tickets!

Thank you for your consideration and generosity. Your investment is essential to our success in keeping Boston and Chelsea youth active, engaged, and learning throughout the year, but especially during the critical summer months.

**Please contact Julie LeBlanc with any questions
at 617-994-4711 or jleblanc@bgcb.org.**
